Aura, huntress and goddess of dawn breezes

Blend of the Dawn

The Dawn of a Bold Chocolate

In the quest for an outstanding chocolate we introduce AURA. Named after the bold huntress AURA, the Goddess of Dawn Breezes, we bring discerning chocolatiers a chocolate with a gracious aroma and boldly, passionate taste. A dawn for outstanding chocolate creations.

Cote d'Ivoire

The Journey

AURA is shaped with beans from the Cote d'Ivoire; the world's largest producer of cocoa. Cocoa is cultivated here in the immensely, fruitful, fertile lands that lie between the main rivers of the country; Sassandra and Bandama and west of the Kome River bordering Ghana. Blended with premium beans, from trees cultivated along the lush green belts that thrive on the volcanic soils of Java; beans, famous for their herbaceous, spicy, subtly smokey flavour.

Continuing a Tradition

Founded in 1956, we value traditions of making chocolate. Along with it part of an ongoing evolution of our craft. We embrace innovation, new ingredients, techniques, sciences, arts, information and ideas.

Savouring the Blend

With 65% cocoa content AURA, dark couverture, is poised with a fine balance of a passionately bold taste of chocolate with gracious smoothness. Wafting 'breezes' of an enticing aroma. Easimelt Dark lives up to its name-AURA.
